Julie Valentine Center is a nonprofit organization providing free, confidential services to survivors of sexual assault and child abuse victims and their families in Greenville County. JVC's goal is to stop sexual assault & child abuse and the impact of these crimes through education, prevention, investigation, collaboration, treatment and legal advocacy. For 50 years, JVC has worked to stop child abuse and sexual assault before it happens, reduce trauma and re-establish safety for victims and their families. The Julie Valentine Center has an ongoing need for the items below. These items are used in direct victim services for the child and adult clients seen at the center, the various hospitals we serve, as well as for our ongoing parenting support groups. We appreciate your consideration, compassion, and generosity.
