Julie Valentine Center is a nonprofit organization providing free, confidential services to survivors of sexual assault and child abuse victims and their families in Greenville County. JVC's goal is to stop sexual violence & child abuse and the impact of these crimes through education, prevention, investigation, collaboration, treatment, and legal advocacy. The center has an ongoing need for the items below, particularly during the holiday season. These items are helpful with direct victim services for the child and adult clients seen at the center, the various hospitals we serve and for our ongoing support and parenting groups.
